

**MEMORANDUM**

**DATE :** February 8, 2000

**TO:** PCNCs and Provider Liaisons

**FROM:** Louis Bruhnke, Coordinator North Coast EMS

**RE: Determination of Death: Please Post**

---

---

A PCR should be recorded for any patient who meets the “determination of death criteria”. Documentation should include the determination of death criteria applicable to that particular patient.

Please see North Coast EMS policies # 2304 and # 2305.

Thank you.
